## A GENERAL STRIKE MAY BE CALLED

### Labor Leaders Hustle to Washington to Confer With Compers

## STRIKE LEADER JAILED

### Rioting Continues in City of Brotherly Love and Number of People are Injured.

Philadelphia, Feb. 22.—A score of shots were fired in a riot in front of the Federal postoffice late this afternoon. Two women are reported to have been injured. Scores of persons were badly beaten by policemen in their efforts to clear the street, where more than 25,000 persons had gathered.

Philadelphia, Feb. 22.—It will be up to President Samuel Compers and Vice President John Mitchell of the American Federation of Labor, to decide whether there shall be a general strike of all union workmen in the city of Philadelphia.

Following the arrest of C. O. Pratt, leader of the strikers, John J. Murphy, president of the Central Labor Union, and Peter Driscoll, president of the local Carmen's Union, left this morning for Washington to confer with Compers and Mitchell as to the advisability of calling out every union man in Philadelphia.

President Pratt is still held in the city prison without bail on the charge of inciting to riot. He is to be given a hearing today, but it is said, the police plan is to hold him without bond, in the hope that without a leader, the strike will be broken.

The arrest has put the strikers and their sympathizers in an ugly mood and the police believe today will be marked with many riots. Frank Kato will die and Walter Steab was seriously wounded as the result of a riot this morning at Kensington. Both the victims are boys.

Philadelphia, Feb. 22.—The first fatality as a result of the street car rioting occurred early today, when an unidentified man died in a hospital. He was fatally injured yesterday in a clash between a mob and the police at Broad and Springgarden streets. Knocked down and trampled upon, he was found lying unconscious after the street had been finally cleared, and died without gaining consciousness. Policeman Fred Tyson, whose skull was fractured in a riot, is in a hospital and his injury will probably prove fatal.

Union leaders said early today that a general strike was bound to occur. Following a day of rioting and bloodshed and the sensational arrest of C. O. Pratt organizer of the street car men for rioting an attack was made late last night on the elevated railroad. It was the first time that this line of travel has been interfered with, and when the police authorities learned that three bullets had been fired into one of the cars there was a feeling of apprehension as to what Tuesday would bring forth.

As the train approached the Forty-sixth street station in West Philadelphia, three bullets were fired through the windows of the foremost car. Fortunately there were but few travelers riding on the train and no one was injured.

This act of violence has sed the police officials to redouble their vigilance on this line of travel. The warrant was served on Pratt as he was leaving an automobile, in which he had attended a mass meeting of the union car men. He was locked up in City Hall and held to await a hearing today.

The police later refused to recognize a discharge for Pratt, issued by Magistrate Gorman, before whom friends of the strike leaders had entered bail in the sum of \$1,000.

It is reported that warrants have also been issued for John J. Murphy, president of the labor union, and Peter Driscoll, head of the local car men's union.

The police force was augmented last night by swearing in for riot duty of the State Fencibles, an independent military organization of 200 members, who are not affiliated with the National Guard, but which organization performed service during the Spanish-American war under the agreement which they hold their armory from the city; they are obliged to perform police duty when called upon. They will appear in their regular uniforms armed with rifle and bayonet.

Plans are also being discussed by the commanders of the three regiments in the Philadelphia National Guard in this city to mobilize their

troops at a moment's notice. The mayor is entitled to call upon these troops under a special act of assembly. Governor Stewart and Adjutant General Thomas J. Stewart are here today and it is expected a call for outside troops can be made at any time, but this is not contemplated at present.

The regular force of 3500 police and 2000 specials was also enlarged yesterday by the swearing in of 66 park guards and 500 city employees of other departments. These men will begin service today and assist the worn-out policemen.

Five carloads of strike-breakers arrived here late last night and were loaded on trolley cars at the Pennsylvania Railroad station in West Philadelphia and taken to the car barns in that section. A large squad of mounted police escorted the cars and prevented a threatened demonstration by a mob of several hundred which had assembled. Trouble is expected following the use of these men on the cars today.

One of the most serious outbreaks occurred at Kensington and Somerset streets, in the north-eastern mill district, where all traffic was suspended early in the day. William Maloney, said to be a strike breaker from New York, had his skull fractured with a brick and was removed to a hospital in a serious condition.

Dynamite caps were used by strike sympathizers in many sections of the city but did not cause serious damage.

## PROBERS

### AFTER OTHERS ASSOCIATED WITH SLATER IN HIS GRAFTING.

All Picking of State's Bills By the Printer to Be Thoroughly Investigated at Once.

Columbus, O., Feb. 22.—With records already in their possession which indicate that J. E. Bresford, a Dayton job printer, was not the only person associated with Mark Slater, former state printer, in a plan to defraud the state by making bills for supplies, the legislative graft probers will not publicly charge those under suspicion of grafting until they are satisfied beyond a reasonable doubt of their guilt.

For this reason the next public hearing will not be held until the evidence obtained by Representative Riddle and State Examiner Brown, who went to Chicago Sunday to examine the books of Shale, Hupp and Meier, through whom D. W. Dismore sold supplies to Slater for the state, is thoroughly digested. The two probably will return today and the next public hearing will be held today or tomorrow.

Charles Wieden of Dayton, whose sales through the Queen City Paper company are being investigated, has not been subpoenaed, although witnesses will be interrogated concerning his transactions. If he offers to testify he probably will be accommodated, provided he waives his statutory right as to immunity.

Evidence has been found by the probers indicating that Slater's graft ran through all his purchases, and every bill sold him is being investigated. There is no suspicion against any of the firms from whom articles for the state were purchased by the middleman, but the searchlight is directed at the agents.

Bresford is worried over the indictment returned against him by the Franklin county grand jury, notwithstanding Prosecutor Webber says it was merely a matter of form. Attorney Nolan of Dayton representing Bresford, made arrangements yesterday for the nolle prosequi of the indictment.

A plea of abatement will be filed, together with a copy of the resolution of the probers granting Bresford immunity. Senator Beatty and other members of the committee will speak in the Dayton man's behalf.

## MOB SPIRIT STILL EVIDENT

Cairo, Feb. 22.—That night riders from Kentucky and Missouri will be called in to lead another mob that will attempt to lynch the next negro arrested in Cairo for committing a crime, was the statement today of a man known as one of the leaders of the last two outbreaks here. Though covered by the presence of the militia, mob spirit is still evident here. Men who are said to be leaders declaring they are fighting for a principle and are only waiting for an opportune time to strike at the negroes.

## B. & O. MEN MAY VOTE ON STRIKE

Baltimore, Feb. 22.—The negotiations between the officials of the Baltimore and Ohio railroad and the trainmen and conductors of the system on a wage scale have been broken off. The men will now take the union vote on a question of a strike.

The announcement today that all negotiations between the B. & O. railroad and the trainmen had been broken off and that a vote on a strike would be taken, the country faces the probability of the greatest strike in the history of railroading in the United States. Should the B. & O. employees decide on a walk out there is a great possibility that similar action where demands have already been refused on other railroads will be taken and this would involve more than two hundred thousand railroad employees throughout the country.

## YOUNG GIRL ENDS LIFE WITH POISON

People residing in Granville and the Welsh Hills were deeply shocked Monday afternoon to learn that Miss Irene Richards, the twenty-year-old daughter of Mr. and Mrs. Howell Richard, prominent and highly respected farming people, residing two and a half miles north of Granville in the Welsh Hills, had committed suicide shortly after the noon hour by taking poison.

An Advocate reporter called up the Richards home by phone but was unable to get any satisfactory answers to his questions, the family seeming to be reticent regarding the matter. From one of the neighbors, however, it was learned that Miss Richards had complained of not feeling well, and that she had told her mother she was going to lie down for a time. Shortly after this Mrs. Richards heard her daughter groaning and going into the sitting room where she was lying on a sofa, found her suffering terribly.

Mrs. Richards immediately telephoned for Dr. Barnes in Granville, to hasten to the home, but that physician was absent attending another call and was unable to respond, and Dr. Dawson was summoned. When the doctor arrived at the Richards home he found that the young woman had passed away shortly before his arrival, having died about 1 o'clock.

Miss Richards, who was a school teacher at Chatham, this county had been dependent of late over the fact that her mother objected to her keeping company with a young man named Theodore R. Valentine, who lived in Chatham. On Monday, February 14, a marriage license was issued by the Probate Court of Licking county for Mr. Valentine and Miss Richards, with the request that the matter be kept a secret as the young woman wished to finish her term of school, and it is said that the young couple were secretly married last Saturday night.

While nothing definite can be learned it is certain that something having to do with the parental objection so preyed upon the mind of the poor girl as to cause her to take her own life, and this will probably be brought out at the inquest.

The deceased was a young woman possessed of more than ordinary intelligence and was greatly esteemed by a large number of friends and acquaintances.

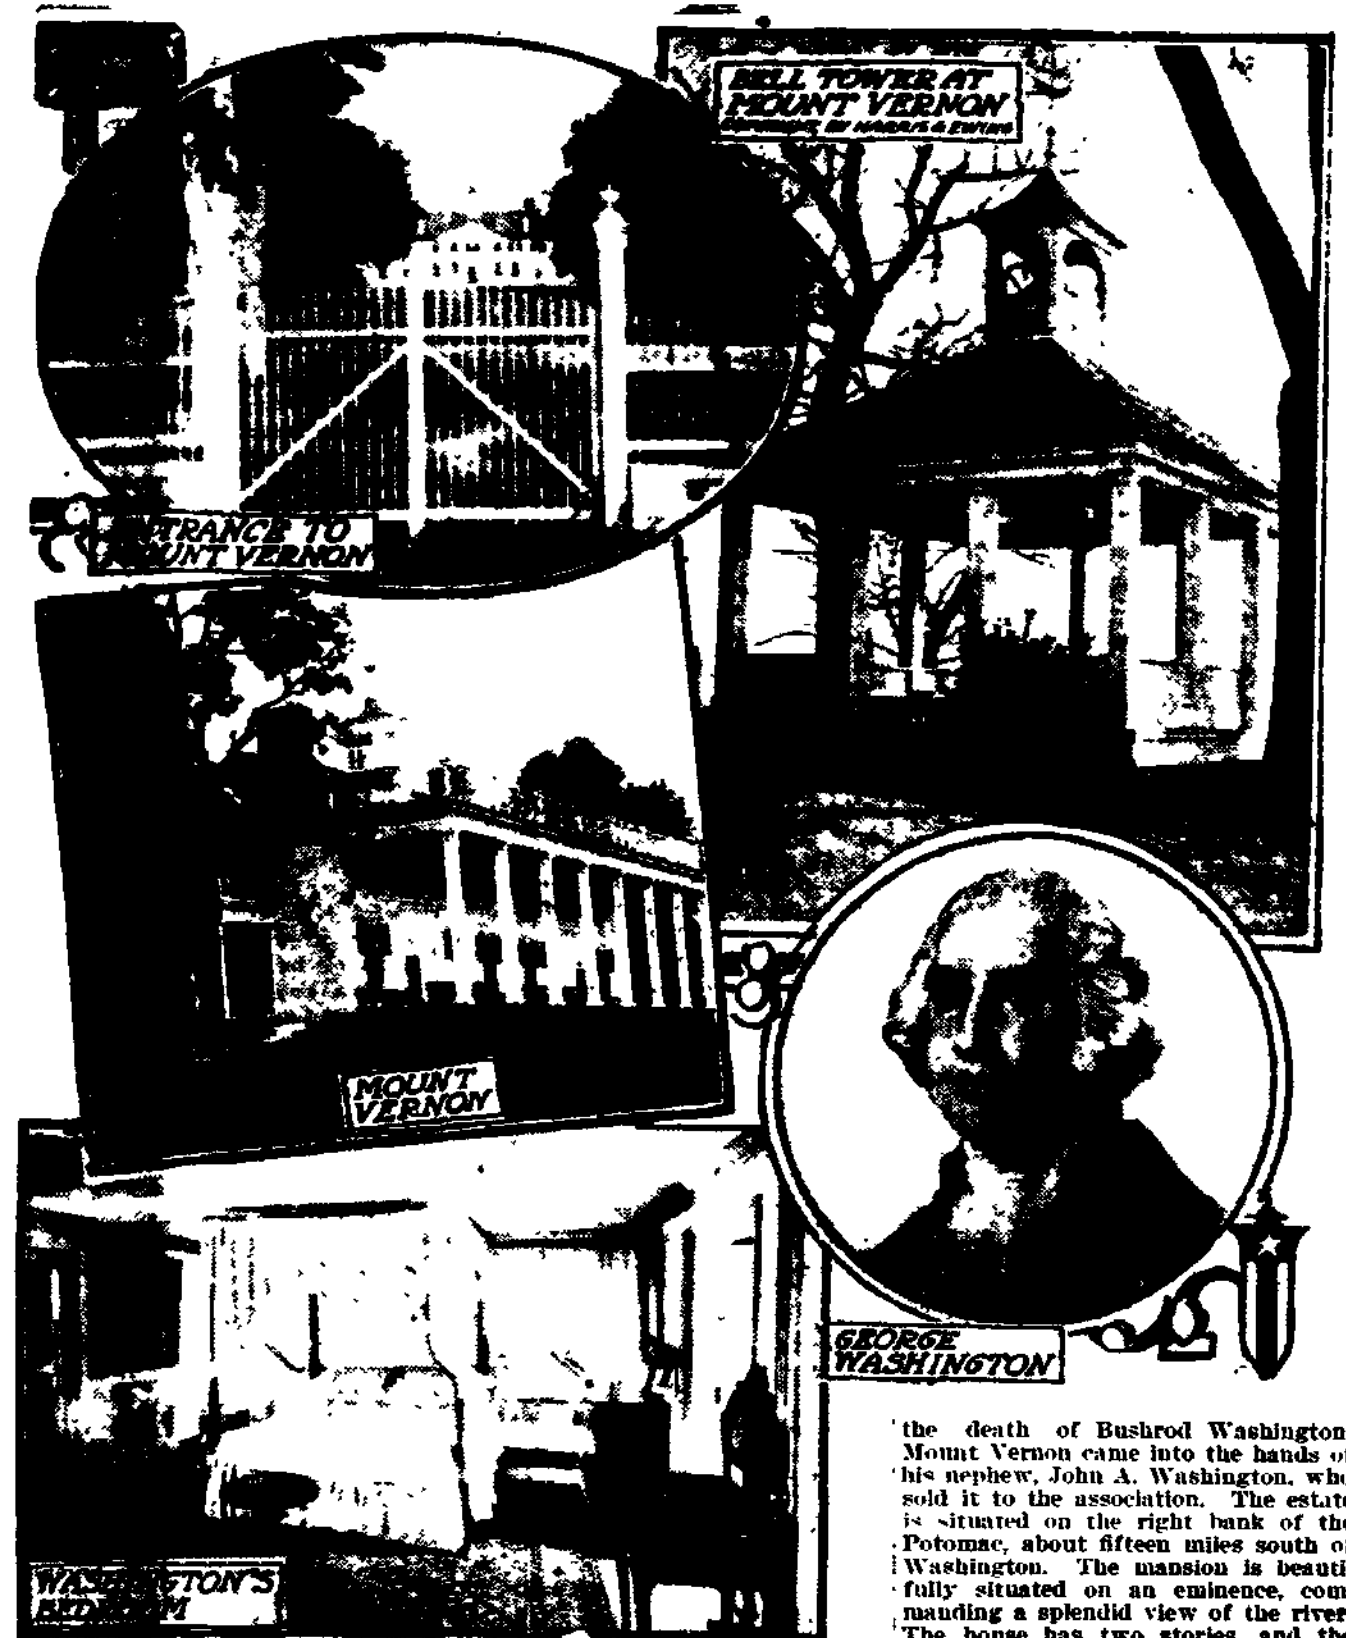

It is said that a letter has been found among the effects of the deceased evidently meant for Valentine, in which she asks him to tell of their marriage.

It is learned that Mr. Valentine and Miss Richards came to Newark on Tuesday February 15, one day after the marriage license had been secured, and that they were married by the Rev. Mr. Sparks, pastor of the First M. E. church Mr. Valentine, who lives in Chatham, where he is engaged in the business of a blacksmith, is almost broken hearted over the death of his wife. At present he is at his home in Chatham.

## PRESIDENT IN NEW JERSEY

Washington, Feb. 22.—President Taft started for New York today to celebrate Washington's birthday with the New Jersey society of the Cincinnati at their banquet at the Plaza hotel tonight. The President, Capt. Archibald Butt, his aid, Assistant Secretary Mishler and two secret service men were in the party. Arriving in New York the President will go to the home of his brother, Henry W. Taft. The impression has gone abroad that local Republican leaders will be given another opportunity to talk over the situation while he is in New York.

## MOUNT VERNON, WASHINGTON'S HOME, GOAL OF MANY PILGRIMS

Since 1858 Mount Vernon, the home and burial place of George Washington, visited each birthday and throughout the year by many patriotic pilgrims, has been the property of the Ladies' Mount Vernon association, United States supreme court. Upon

## ABANDONS ALL HOPE OF DEFEATING GOV. HARMON

Washington, D. C., Feb. 22.—According to a story which is given credence here, President Taft has given up hope that Governor Harmon can be defeated for re-election. At least it is true that this idea has been urged upon Mr. Taft by his advisors and that he has acquiesced to a plan of campaign based on the belief that Governor Harmon cannot be defeated.

From now on, so far as Wade Ellis, the president's representative, can direct the course of things, efforts will center on an attempt to save the rest of the ticket in Ohio and to send a Republican delegation back to congress. The only hope of defeating Harmon now in sight is that a campaign along these lines will carry the nominee for governor to victory with the others, of such a victory they have little hope. If they break as well as they did in the last election, the party leaders, as they have expressed themselves here, will be more than pleased.

## OBSERVING ANNIVERSARY

Washington, Feb. 22.—All the departments of the government except congress were closed today in honor of the 175th anniversary of Washington's birth. While many patriotic societies observed the day with special exercises the chief celebration in point of national importance is being held in Alexandria across the Potomac from the capital where George Washington attended church and where he presided as worshipful master over the Alexandria lodge of Masons.

## ZELAYA

Reported to Have Shot Young Nicaraguan Who Attempted to Assassinate Him.

Port Limon, Costa Rica, Feb. 22.—Former President Zelaya of Nicaragua while on a visit to Costa Rica, shot and wounded a young Nicaraguan, who attempted to assassinate him, according to a story printed in a San Jose paper today and given credence here. The story is that while Zelaya was on the deck of the vessel, the young Nicaraguan, whose father's estate had been confiscated by Zelaya, rushed at the former president and struck at him with a knife. Zelaya leaped aside and drawing a revolver, shot his assailant in the arm. An attempt was made to suppress the story.

## STATE EDUCATORS

Object to Bill to Separate State and Local Taxation.

Columbus, O., Feb. 22.—Opposition to the separation of state and local taxation, as embodied in the Shanklin bill, was manifested last night by State School Commissioner John W. Zellner and Dr. Alton G. Ellis president of the Athens University. They want the present system of distribution of school taxes preserved. Commissioner Zellner asked that the enumerated school youth be made the

## IMPROVE CANALS OF THE STATE

### Appropriation Bill Will Carry \$275,000 for That Purpose

## TO APPOINT COMMISSION

### Governor Harmon Will Participate in Conference Today—To Extend Civil Service.

Columbus, Feb. 22.—The general appropriation bill which is now being prepared by the finance committee of the house will carry an appropriation of \$275,000 for the improvement of the canals of Ohio. The committee has agreed upon an appropriation of \$125,000 for the completion of the Ohio and Erie canal, \$75,000 for the improvement of the Miami and Erie canal between Dayton and Cincinnati, and a similar amount for the improvement of the north end of the same canal.

The canals will be the subject of the conference late today in which Governor Harmon will participate. It is expected that after the conference the Governor will make a declaration in favor of the appointment of a canal commission to investigate and make a report to the next general assembly.

The Mendelson bill, extending civil service to school employees, except teachers, was reported for passage by the senate committee on common schools today.

Arguments for and against the Billingsley bill to compel insurance companies which write policies of cross to interchange service were made before the house committee on railroads and telegraph today. The bill will be recommended for passage by the committee. The spokesman for the bill representing telephone monopoly of service to be the very best thing for the people of Ohio but they said they did not want monopoly of ownership of competing companies.

The house judiciary committee today voted to recommend the passage of the Moritz bill to make life imprisonment in the penitentiary the minimum punishment of kidnappers. The bill was inspired by the Billy Whittia kidnapping case.

The allowed determination of the house to kill all county officials' salary grab bills was manifest in the house this afternoon when the body "skipped for the time being" the bill by Wisner to make \$1.50 a day the lowest salary to be paid to township trustees.

## COLLEGE PRESIDENT

### Says He'll Vote for Harmon If Taft Doesn't Do Better.

Canton, O., Feb. 22.—Dr. A. E. Smith, president of the Ohio Northern University at Ada, in an address here Sunday before a men's mass meeting, spoke on the evils of inherited politics. He urged every man to place his vote where it would do the most good.

"If Taft does not make a better showing I'll vote for Harmon at the next presidential election," he said.

Speaking of sugar trust customs frauds, he said: "The American nation may soon be held the greatest nation of rascals on the face of the earth. The sugar trust's practice of cheating the government out of its revenue by false weights is an example of modern dishonesty. It has placed the blame on a poor little hireling, and the man at the top escaped. I think that the man at the top should be indicted and the employee let go."

## WOULD USE DOGS FOR BOLOGNA

Findlay, Feb. 22.—The Mt. Cory Farmers' Institute by resolution endorsed Governor Harmon's business administration, set itself on record as being against the building of four, or even two battleships, favored the state guarantee of bank deposits, but denounced the establishment of postal savings banks, and asked that until be placed on the protected list for an indefinite time. Some facetious fellows on the resolutions committee asked that out-bag the dogs of Ohio be made into bologna at once and the tax on the other half raised to \$2 per year as protection to the state's sheep interests.

At a recent exhibition of women's work in London there were exhibited five safety razors invented by women.

ornamented with flags, small hatchets  
and cherries, as was also the dining  
table where a delicious repast was  
served by means of dainty place cards  
to which dainty hatchets were tied  
with red, white and blue ribbons. A  
number of guessing contests were in-  
cluded in the hours, such as  
— cherry hunt, and tying cherries on  
the tree, for which large silk flags  
were awarded to the fortunate partici-  
pants. Mildred McCann, Doris Rugg  
and Thelma Mazy. Small flags were  
given as the consolation prize.  
Miss Grace's guests were Louise

and Miss Baugher.

This evening is the date of the  
large dancing party which will be at-  
tended by many of Newark's society  
folk. The affair is to be held in an  
assembly hall, which is beautifully de-  
corated with patriotic emblems in ce-  
lebration of the day.

Mr. and Mrs. I. V. Wilson enter-  
tained Sunday at dinner, at their  
home on Grant avenue, the following  
guests: Mr. and Mrs. George Alton  
and daughter, Miss Audrey, Mr. and  
Mrs. P. A. Daugherty, Mr. and Mrs.  
Homer Wagstaff, Bertha Harper and  
Roy Daugherty. Mrs. Alton and  
daughter left on the noon train for  
Newark, to make their future home.  
Mr. Alton expects to join them in a  
few days. Their many Cambridge  
friends regret to see these good  
people, but all join in wishing them  
success.—Cambridge Jeffersonian.

**Closing Paragraph**  
**of Washington's**  
**Farewell Address**  
Though in reviewing the in-  
cidents of my administration  
I am unconscious of intentional  
error, I am nevertheless too sen-  
sible of my defects not to think  
it probable that I may have com-  
mitted many errors. Whatever they may be, I fervently  
beseech the Almighty to avert or mitigate the evils to  
which they may tend. I shall also carry with me the hope  
that my country will never cease to view them with indul-  
gence and that, after forty-five years of my life dedicated to  
its service with an upright zeal, the faults of incompetent  
abilities will be consigned to oblivion, as myself must soon  
be to the mansions of rest. Relying on its kindness in this as  
in other things and actuated by that fervent love toward it  
which is so natural to a man who views in it the native soil  
of himself and his progenitors for several generations, I an-  
ticipate with pleasing expectation that retreat in which I  
promise myself to realize, without alloy, the sweet enjoyment  
of partaking, in the midst of my fellow citizens, the benign  
influence of good laws under a free government, the ever  
favorite object of my heart and the happy reward, as I trust,  
of our mutual cares, labors and dangers.

**How To Be Better Cough**  
**Quicker Than You Can Say**  
A lot of cough syrup—  
enough to last a fairly long  
time—can be made by the recipe  
given below in five minutes, for  
only 5¢ worth of simple as it is,  
there is nothing better at any  
price. It really stops a deep-  
seated cough in twenty-four  
hours, and is a splendid house-  
hold remedy for whooping  
cough, colds, hoarseness, bron-  
chitis, etc.  
Take a pint of granulated sug-  
ar, add a pint warm water and  
stir about five minutes. Put 2½  
oz. Pinex in a pint bottle and  
fill with the sugar water. Take a tea-  
spoonful every two or three  
hours. It cures perfectly and  
the taste is pleasing.  
The chemical elements of pine  
which are so healing to mem-  
branes, are obtained in high pro-  
portion in Pinex, the most val-  
uable concentrated compound of  
Norway White Pine Extract.  
None of the weaker pine prepa-  
rations will work with this  
recipe. Your druggist has Pinex  
or can easily get it for you.  
Strained Honey can be used in-  
stead of the syrup, and makes a  
very fine Honey and pine tar  
syrup.

Sore Feet, Tender Feet and Swollen  
Feet Cured Every Time. TIZ  
Makes Sore Feet Well, No  
Matter What Ails  
Them.  
  
Everyone who is troubled with  
sore, sweaty or tender feet—swollen  
feet—smelly feet, corns, callouses  
or bunions can quickly make their  
feet well now. Here is instant re-  
lief and a lasting, permanent remedy—  
it's called TIZ. TIZ makes sore  
feet well and swollen feet are quick-  
ly reduced to their natural size.  
Thousands of ladies have been able  
to wear shoes a full size smaller with  
perfect comfort.  
It's the only foot remedy ever made  
which acts on the principle of draw-  
ing out all the poisonous exudations  
which cause sore feet. Powders and  
other remedies merely clog up the  
pores. TIZ cleanses them out and  
keeps them clean. It works right  
off. You will feel better the very  
first time it's used. Use it a week  
and you can forget you ever had  
sore feet. There is nothing on earth  
that can compare with it. TIZ is  
for sale at all druggists, 25 cents  
per box, or direct if you wish from  
Walter Dodge & Co., Dodge Build-  
ing, Chicago, Ill.

**TAR SOCIAL**  
**AT COLUMBUS**  
**NOTABLE EVENT**  
The fifth annual tar social of the  
Buckeye Lake Yacht club was held in  
the U. C. T. hall, Columbus, Monday  
evening, and it was one of the most  
popular events of the club. The  
evening was a fair one under the able  
command of Commodore Fred G.  
Speer of this city, and 150 club mem-  
bers embarked for the first sail of the  
club in 1910.  
The main deck of the club house  
was rigged up especially for the event  
and everything was shipshape from  
the quarter deck. A bad squall was  
only prevented by the pipe to ham-  
mocks, for when the sailors from  
Buckeye Lake started their yards the  
breeze blew with great force.  
The tables were beautifully ar-  
ranged with miniature yachts and  
flowers and the var-colored ensigns  
on the walls gave the banquet hall  
quite a nautical appearance. The  
menu was printed in nautical terms.  
Improvements at Buckeye Lake  
were talked over and met with a very  
cordial response from the yacht club  
members. General John C. Speaks  
urged the restocking of streams and  
lakes with fish and urged the support  
of the club members. Pledging his  
aid in doing more for Buckeye Lake,  
George H. Watkins, of the state board  
of public works, made the speech of  
the evening and he was enthusiastically  
cheered. Several solos were sung.  
Those who attended the banquet  
from Newark were: Commodore Fred  
G. Speer, Secretary Frank Chase,  
Grant Sudberry, Hewett Shaul,  
Charles Shaller, Ed Erowne, Fred  
King, Frank Cherry, Charles E.  
Mattheys, Louis Eader, Henry Sayre,  
Dan Awispach, Dr. A. V. Davis, Cary  
Bricker.  
The Newark members of the club  
and their friends who were guests at  
the affair, speak in the highest terms  
of the entertainment afforded by the  
Columbus contingent. The affair was  
one of the most pleasant ever attend-  
ed and will long live in the club an-  
nals as a most notable event.

it probable that I may have com-

beseech the Almighty to avert or mitigate the evils to  
which they may tend. I shall also carry with me the hope  
that my country will never cease to view them with indul-  
gence and that, after forty-five years of my life dedicated to  
its service with an upright zeal, the faults of incompetent  
abilities will be consigned to oblivion, as myself must soon  
be to the mansions of rest. Relying on its kindness in this as  
in other things and actuated by that fervent love toward it  
which is so natural to a man who views in it the native soil  
of himself and his progenitors for several generations, I an-  
ticipate with pleasing expectation that retreat in which I  
promise myself to realize, without alloy, the sweet enjoyment  
of partaking, in the midst of my fellow citizens, the benign  
influence of good laws under a free government, the ever  
favorite object of my heart and the happy reward, as I trust,  
of our mutual cares, labors and dangers.

**IN THE LAST PLACE.**

Last October, the Steubenville Herald-Star, a Republican paper, put it this way: "Governor Harmon was going to clean out the State House in six months or resign his job. He has done neither. In the first place he found that there is nothing to clean out and in the second place, the governorship, run as he runs it on the long distance plan, is too easy a snap to give up so soon."

Well what are you laughing about? The Governor hasn't resigned, and he's getting too close to some former Republican officials for their comfort. They wish he would actually run the governorship on the long distance plan the longer the distance the better it would suit them, as your Uncle Andy used to run it.

Nothing to clean out? It will take another term, with a Democratic majority in both branches of the legislature to help instead of hinder, to complete the job of cleaning the State House.

Nothing so cheap for a good, wholesome, hearty breakfast, as Mrs. Austin's pancake flour. At all grocers.

**PROSPERITY GOES ABROAD**

Last July a cablegram from London was published in a Columbus newspaper under these headlines: "American Prosperity Sweeps Across Ocean and Electrifies Europe." The cablegram contained an interview with Daniel Guggenheim, the copper king, who said to an English reporter that he had crossed to England sixty-odd times during the last forty years and added: "The reflex of American prosperity is becoming more evident in England every month. We felt the trade and financial prices first; you felt it last. We get improvement first; you get it later. From now on you will find your trade with America getting better and better every month."

A few days later the monthly report of the port of New York for the month of July showed the appraised value of imported precious stones and pearls was \$5,112,557 as compared with \$1,219,256 for July, 1908.

It is comforting at this time to look over old files and read such evidences of prosperity. Did you get your share of the jewels? Or is your prosperity still electrifying Europe? Look at your meatless table or into the workingman's meatless dinner pail and see.

**SERIOUS AND SAD SIDE**

Let us look at this matter of the appointment of Wade Ellis to be receiver, or trustee, or executor or administrator do bones non, or something of the sort in behalf of the Republican party of Ohio, just one minute seriously. One minute will be enough.

Ohio has furnished five Republican presidents. But never before in history of state or nation did it ever seem necessary for one of Ohio's Republican presidents to take the men out of his administration and put him at the head of the party organization.

**Little Soldiers**

In your blood are the millions of corpuscles that defend you against disease.

To make and keep these little soldiers healthy and strong, is simply to make and keep the blood of the right quality and quantity.

This is just what Hood's Sarsaparilla does—it helps the little soldiers in your blood to fight disease for you.

It cures eczema, eruptions, skin diseases, rheumatism, anemia, nervousness, dyspepsia, general debility, and builds up the whole system.

in his home state for ostensible purpose of defending and saving his administration as Taft has done.

This is made all the more remarkable because of the declaration that in the coming campaign in Ohio, which is strictly a state campaign, the national administration is to be made paramount and that state issues are to be secondary.

Surely the party or its administration at Washington is moribund when it is reduced to such extremity as that.

This is enough of the serious side of the sad situation. As it was in Brussels the night before Waterloo—"on with the dance, let joy be unconfined." Harmon is the Wellington who will win a victory for the people next November.

**IN THE LAST PLACE.**

Last October, the Steubenville Herald-Star, a Republican paper, put it this way: "Governor Harmon was going to clean out the State House in six months or resign his job. He has done neither. In the first place he found that there is nothing to clean out and in the second place, the governorship, run as he runs it on the long distance plan, is too easy a snap to give up so soon."

Well what are you laughing about? The Governor hasn't resigned, and he's getting too close to some former Republican officials for their comfort. They wish he would actually run the governorship on the long distance plan the longer the distance the better it would suit them, as your Uncle Andy used to run it.

Nothing to clean out? It will take another term, with a Democratic majority in both branches of the legislature to help instead of hinder, to complete the job of cleaning the State House.

Nothing so cheap for a good, wholesome, hearty breakfast, as Mrs. Austin's pancake flour. At all grocers.

**PAID PADDED SALARIES.**

So they have been paying padded salaries to employees of the state board of public works. Although the statute fixed his salary at \$1,000, the assistant engineer has been getting \$2,400, the secretary, whose salary is fixed at \$1,500, has been getting \$1,800; and a \$700 clerk has been drawing \$900.

The senate finance committee cut out the "excess," which was again included in the partial appropriation bill for this year as it passed the house, and set the salaries back to the amounts fixed by the statutes.

Now what do you suppose they propose to do about it? Instead of calling it "graft" and requiring the employees who have thus overdrawn pay from the state to pay back the excess, it is proposed in a bill introduced by Senator Baker (Rep.) of Cincinnati, to raise the salaries from the amounts fixed by law to the amounts they have been illegally drawing.

Isn't that a splendid way for punishing graft? But they wouldn't do it that way if such overdrafts had been paid to Democrats.

This padding the pay roll as you will observe, occurred in that department of state government presided over by three Republican officials, Baldwin, Watkins and Kirtland, and it was Kirtland, you know, whom Governor Harmon required last summer to pay back \$900 overdrawn on his salary.

Looks like this excess salary business, or overdraw, or graft, or whatever you choose to call it, has been contagious in the state board of public works.

Clean it out along with the rest of the offices still in control of the state Republican machine when you vote next November for Governor Harmon and a clean sweep. Nothing short of a clean sweep will clean out the official crookedness at the state house that has been coming to light during the past year.

The Baker bill to cover up this petty little graft in the state board of public works, which even Republican papers at Columbus admit has been going on for years, by raising the legal salary up to what has been illegally paid, is only another evidence of how official reticence at the state house has been winked at and the people kept in ignorance of it until they put into the office of governor one of the state's big men, with business ability, honesty and courage to pry into the past and expose its secrets.

**When Washington Crossed the Ford.**

By GERALD PRIME.

Will you ride with me, Betty, down to the ford?  
Dear, a hero is passing, so say but the word  
And White Eagle shall bear us both swiftly, my lass,  
To the spot which the patriot army must pass.

Yes: I'll ride with you, Ethan, down to the ford  
To see our brave leader in top boots and sword,  
A figure majestic, his great vict'ry won—  
My hero forever, the dear Washington!

Mr. W. P. Wenz spent Sunday at home.

**WORK THAT TELLS.**

Plenty of It Has Been Done Right Here in Newark.

Curious that last are ones that tell. To thoroughly know the virtues of a medicine you must, in a clear conscience and see if they prove beneficial. Dr. J. C. Killee Pills are a little more, and plenty of good experts right here in Newark. People who tried these pills ago to relief from a headache, kidney and urinary ailments, have declared that relief was instant and the cure permanent. How can Newark suffer at home, doubt the evidence?

P. Liley, of S. Frank, S. Newark, Ohio, writes: "I am glad to confirm the public statement I made some years ago, regarding the virtues of Killee's Kidney Pills. I was a victim of kidney trouble, and was almost blind, suffering by severe pains, back and back. Standing or any attempt to stand in an erect position caused excruciating twinges to shoot through me, and I was often in a agony. Dr. J. C. Killee's Pills, procured at Crayton & Co's Drug Store, proved to be better than any other remedy I had ever taken, going at once to the seat of trouble and giving me prompt relief. The pains in my back disappeared and the passages of the kidney secretions were regulated. I have since been free from every symptom of kidney trouble. I shall always speak a good word for Dr. J. C. Killee's Pills."

**CORPORATION. TAX'S DEFECTS**

President's Efforts to Have Them Remedied.

**WANTS APPROPRIATION MADE.**

Cannot Hire Clerks to Carry Out Publicity Provision—Lets Administration and Trusts Both Out of a Hole—Uncle Joe Ridicules Wiley, Pinchot and Peary.

Washington, Feb. 22.—Publicity is the feature most objected to by the corporations in making their returns under the corporation tax law. The act provides that all returns must be in by March 1 and to put the fear of God into the possible defaulters provides a fine of \$100 or more. The result is that the returns are now flowing into the offices of the internal revenue collectors faster than crank letters drift into the White House. Many of these returns are accompanied by protests. It is not that the corporations object to paying the tax—far from it. They are poised at having to tell how they get their money. If their reports are to be made public property in Washington, what is to prevent their hated rivals from going in and finding out all about their business? It is against this feature of the act that several test cases have been started in the courts and appeals have been made to the president and congress. Especially do the small corporations chafe that their returns be kept from their big competitors; otherwise the small fry will receive what the Standard Oil used to hand to the independent dealer—a not always polite invitation to get off the earth. President Taft has finally found a loophole for these folks who are timid about publicity. He has discovered that congress has not appropriated any money for carrying the publicity feature into effect, nor has it made provision so that clerks can be hired for the purpose. Of course he will ask congress to supply the defect, but if congress does not what can he do about it?

**Publicity With a Hole in It.**

How many corporations there are in the country is not known. By writing to the secretaries of state of the various states and territories 410,000 were found to have incorporated. Many of these have gone out of business, sold to other concerns, been merged into larger companies or do not make enough money to come under the provisions of the act. Many of the letters sent out have been returned with "Party not known" written across the envelope. But there are enough of trusts that will have to pay the tax to furnish Uncle Sam with quite a nice bunch of spending money.

**Uncle Joe Shies at Hobbies.**

Uncle Joe Cannon can certainly be about the funniest thing that ever succeeded in keeping out of the professional humorist class. His talk on "spades" before the National Press club the other evening gave the merry humorists a merry laugh, but it was not much everybody else in reach who is trying to do anything for mankind. Come to think of it, these people who are trying to help their fellow men do seem an excellent butt for a certain kind of wit. Gallie, Columbus, E. B. Peary, S. P. B. Morse and others who made new eras for the human race were the laughingstock of those who sought to benefit. We are repeating the past. We have grinned at the "Upright Bunch" and now are snickering at "Burr Food" Wiley, "Conservation" Pinchot and Pole Discontent Peary. Uncle Joe hands out some little pliancy about each, and we get our sides. In a hundred years the world will be building monuments to the men of the Peary-Pinchot-Wiley class, while most of us will have forgotten it. But if so it will not be to build monuments to him.

**Rear Admiral Peary.**

There is a new plan to make Peary a rear admiral, or rather, it is a revival of the old plan suggested by Secretary of the Navy Meyer. It is to promote the explorer to that rank in the navy of civil engineers. This course would avoid all the objections offered to making him an admiral of the navy when, as a matter of fact, he has never been a line officer of the navy. From a technical standpoint it might be a well thought of plan, but it is to the detriment of the navy. The American people are not interested in the way the thing is done, but how the Peary's name has been possessed for rear admiral. He will never be satisfied till he lands the title in some form or another. Congress can make him a rear admiral of pole discontent, if it wishes, but a rear admiral he must be.

**Ligation Bonds.**

The decision of the senate committee on irrigation to report favorably the bill providing for an issue of bonds to complete irrigation works that are under way makes it probable that the measure will pass. The bonds, which are to be in the sum of \$100,000,000 or less, are to be paid out of the future irrigation funds, so that they will prove no drain on the treasury. They are advocated by President Taft and are demanded by thousands of purchasers of arid lands who were lured to buy on the prospects of government irrigation plants.

To Discontinue Business. E. E. Brinkley, proprietor of 359 North Fourth street, has decided to discontinue business for the present, and will devote the greater part of the next few weeks to settling up his business and collecting outstanding claims.

Fine Window Display. An advertisement in making his rounds had his attention attracted to the fine display of window goods at the store of J. H. Smith, 101 S. Third street. A look at the window work of this store is a treat to the eye. The manager of the store is J. H. Smith, and what makes his window work so attractive is the fact that he has a large stock of window goods, and what makes his window work so attractive is the fact that he has a large stock of window goods, and what makes his window work so attractive is the fact that he has a large stock of window goods.

Knights of Columbus. Quite a number of the members of Newark Council of the Knights of Columbus expect to go to Cincinnati this evening to attend the meeting of the Knights of Columbus, which will be held at the Hotel Hamilton, Cincinnati, Ohio, on Wednesday night, Feb. 22. The meeting will be held at the Hotel Hamilton, Cincinnati, Ohio, on Wednesday night, Feb. 22. The meeting will be held at the Hotel Hamilton, Cincinnati, Ohio, on Wednesday night, Feb. 22.

Longest Express Service. Through an arrangement made with the Pennsylvania and Burlington railroads, the Adams Express company has now the longest through express service in the world. Starting at New York, a car is run through to Denver daily and each day a car leaves Denver for New York.

Preparations for the National Bowling Tournament to be held this year in Detroit, Mich., are about completed, and the schedules have been made out, showing the total entry list to be about 6000 men, the largest tournament ever held. Twenty all-stars have been laid in the hotel gardens, where the meet will be held, beginning next Saturday and ending March 16.

This is the first year that Newark has been represented in this great event, and two weeks from Saturday six of Newark's best bowlers will leave for Detroit to participate. The following are the local men as follows:

The Hermann team 5-men event, Alley 12 on Monday, March 14, 11 p. m.

Two-men event, Tuesday, March 15, 10:20 a. m., Alley 1, W. G. Tracy and Homer D. Jones.

11:50 a. m., Alley 1, E. J. Schiegel and D. V. Long.

11:50 a. m., Alley 2, R. A. Barwick and D. W. Baker.

Individual Event, Tuesday, March 15, 3:30 p. m.

Alley 6, W. Guy Tracy; Alley 7, H. D. Jones; Alley 8, E. J. Schiegel; Alley 9, D. V. Long; Alley 10, R. A. Barwick; Alley 11, D. W. Baker.

Secures Another Pension. Through the efforts of Congressman W. A. Ashbrook, Edward L. Brokaw, a well known Spanish war veteran of this city, has just been granted an original pension. Mr. Brokaw saw service in the Philippines, and while there contracted malarial fever, from the effects of which he has never recovered. His claim was allowed from Jan. 10, 1908, which means that he will be entitled to over two years' back pay.

Underneath. Mr. Thompson was assisted to his home at 26 West Harrison street and Dr. Stearns reduced the fracture.

"Lifted" His Overcoat. A thief entered the residence of H. M. Evans, 132 Columbia street, last night, while the family was eating supper, stole a fine overcoat belonging to Mr. Evans.

Honoring Washington's Birthday. The postoffice employees are today enjoying a half holiday in celebration of George Washington's birthday anniversary. The money order department was closed all day and the delivery windows closed at 10 o'clock. There was one delivery of mail within the city limits.

Recovered From Grippe. George Hartman has so far recovered from his attack of pleurisy as to be able to visit relatives in Montgomery county this week.

Get Money's Worth. This has certainly been a good winter for sleighing and owners of cutters and sleds have surely been getting the worth of their money.

Wheat Not Injured. It is not to be overlooked that the great prevalence of snow this winter is not hurting the wheat a bit and it is only two early for it to kill off the fruit crop.

Follow the Crows. To Surgeon's demonstration of Minute Caline and Minute Tapioca. You are cordially invited to the store and to partake of the delicacies on display all this week. 22-1

Recovered From Illness. Cashier W. W. Gard has returned to his work in the Park National Bank after a short illness. Miss Mary Blise, a stenographer at the same bank, who has also been ill, is again at work.

It Was Always Thus. And still there are some people who complain because a rural car can't travel every portion of his 15 or 20 mile route every day over roads nearly impassable from mud or ice-deep snowdrifts.

Slowly Recovering From Illness. The many friends of Mrs. Harry Priddy, of Woods avenue, who has been seriously ill for the past two months, will be glad to know that her condition is much improved and it is thought her recovery will be complete.

## BANISH THOSE GRAY HAIRS!

Kill the Dandruff Germs—Stop Hair Falling

Thousands of mothers are looking younger. Their gray hairs are gone. The natural color has come back, and with it a new growth of soft, glossy, luxuriant hair. Why should you look old before your time, when you can look years younger by using

**WYETH'S SAGE AND SULPHUR HAIR REMEDY**

Dandruff Cured

Three applications removed all the dandruff and left my scalp clean, white and smooth.

Wm. Cook, Rochester, N. Y.

It is Positively Guaranteed to Restore Faded and Gray Hair to Natural Color

If other "so-called" Restorers have failed, don't give up hope, but give WYETH'S SAGE AND SULPHUR HAIR REMEDY a trial. You run no risk. If it is not exactly as represented, your money will be refunded.

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur hair remedy. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it.

MISS E. A. ROSS,  
Sharon, Mead Co., Pa.

Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered, and keeps coming in thicker. I shall keep on using it a while longer, so I notice a constant improvement.

## BUSY SESSION OF COUNCIL WAS HELD MONDAY EVENING

The city dads had on their fighting clothes last night and several whacks at "souless corporations" were taken during the meeting of the council. The railroads, the Ohio Electric railway and the Newark Telephone company all came in for their share of the short arm jabs and stiff upper cuts.

When Clerk McCarthy called the roll, President Ankele and Councilmen Irwin, Fulton, Blaser, Prior, Baker, Starr and Orr were present and the first part of the routine business was disposed of in a manner that threatened a short session, but this idea was quickly dispelled when Mr. Fulton introduced an ordinance for the Ohio Electric Railway company, granting them the right to lay tracks on Riley street from Williams to Union, thus eliminating the loop by the ball park and Rigel park.

The people on Riley street are said to favor the extension. Mr. Fulton said while the ordinance was introduced at the last meeting no action was taken on it and he for one was not very familiar with it. For that reason he suggested that it be referred to the street committee for their approval.

James K. Fitzgibbon, attorney for the railway company, was given permission to address the council, and he spoke of the extension and of the old loop. He said that for seven months in the year the loop was useless to the railway and the citizens and it made a distance of about 2000 feet that the cars had to travel that was needless. He denied the report that the company wanted to kill Rigel park and benefit Buckeye Lake.

He said that the present line on Williams street to the park, owned by the Agricultural Society, was built by the old Newark & Granville road, but the company now wanted the loop abandoned. He stated that if the franchise was not granted for the extension of track on Riley street the company would cut out the loop anyway and would split the system. —One car would be sent out Williams street and the other out Union street, and this would only give 30-minute service. The matter was temporarily disposed of by being referred to the street committee. Mr. Irwin then arose and said he had a little complaint to make regarding the stops made by the cars at railroad crossings. If the cars were going east, for instance, and there is a street corner just east of the tracks, the cars stop west of the tracks and then fall to stop at the corner. This same state of affairs applies to cars running west. He cited a recent incident, and said that if the car did stop the employees were given three days' layoff. Mr. Fulton suggested that it would be possible to make some arrangement before the Riley street franchise was granted, and his sarcastic remark brought a general laugh, in which Mr. Fitzgibbon joined.

Councilmen Fulton and Prior jointly introduced a resolution that the blockading of the railroad crossings at First, Second, Third, Fourth, Fifth and Sixth streets be stopped. Mr. Fulton said it looked as though the railroads had taken possession of the city and did as they pleased. He said people had informed him that the crossings had been blocked for ten minutes to an hour. Mr. Prior cited an instance that happened several nights ago, when a number of women were compelled to wait in a blindfold for several minutes while a train held a crossing, and he said this was not an unusual state of affairs.

It was suggested that the matter be referred to the Board of Service and the Board of Safety. Safety Director Roszel was present and said he had taken the matter up with the Pennsylvania railroad and had received a nice letter from them. The latter said the company knew it was against the law to blockade the crossings and it was also against the orders issued to the trainmen, and the matter would be investigated. Mr. Roszel said that for the last several days a policeman had been stationed at the crossings to take the time the tracks were held and so far the crossings had been "out" within the required time.

The council committee which had introduced the automatic telephone plant at Kenon O. and Lansing, Mich. last week, made its report, which was accepted and filed. The report was signed by Messrs. Fulton, Irwin, Orr and Prior, and in brief it said that the committee was satisfied that the automatic telephone was a great improvement over the manual phone and that it seemed to be giving entire satisfaction to the people who were using it. However, the committee did not think it wise to allow the proposed increase in rates asked by the Newark Telephone Co.

Each one of the committee then made his report when called on by President Ankele, and all were in favor of the automatic phone, but all seemed to oppose the proposed increase. Mr. Orr said he wanted the people to think it over, for there was no doubt the automatic was the coming phone, and as it was a great improvement he would like an expression from the citizens as to whether or not they want better service and are willing to pay for it.

Mr. Fulton said that the automatic phone would throw the greater part of the girls out of work, but he was answered by Mr. Roszel, of the Chicago Automatic Electric Co., who said that while about half the number of girls would be employed by the automatic system, more men would be given employment, and in this manner the heads of families would be cared for.

Mr. R. W. Smith, a director in the local company, then addressed the council and told what the local company expected to expend in building the plant and he told of the system. "It is cheaper to ride in the smoking car of a train than it is in the chair car, but the chair car is by far the more comfortable," Mr. Smith said in illustrating the difference between the automatic and manual systems.

In answering a remark of Mr. Orr, Mr. Smith said that it was absolutely untrue that the Newark Telephone Co. if the franchise was granted them, would sell out to the Bell system. He said to guarantee what he stated, that the council could incorporate in the franchise a clause that if the local company should dispose of their holdings to any other corporation, the franchise would become null and void. Through this statement the talk of the selling of the system was effectually squelched.

## CASH AND WAITER ARE BOTH MISSING

Tuesday morning when Joseph Kuster Jr. arrived at the cafe on North Park place to order his breakfast preparatory to starting for the electric light plant to superintend some repairs, as is his usual custom, he inspected the office desk and cash register, still being interested in the restaurant, although it is managed by his son, Dode.

After a hasty examination he discovered that the desk and register had both been tampered with and \$50 in cash was missing. When Mr. Kuster accepted the superintendency of the city's light plant he employed a young man named Wm. Johnson, an experienced waiter, to assist at the restaurant.

When Mr. Kuster discovered the money missing he was also discovered that Johnson was missing. Inquiry developed the fact that the waiter had left but five minutes before, not even taking his overcoat. Mr. Kuster immediately called in the assistance of the police department and a quiet hunt was begun for Johnson, but up until the present he has succeeded in eluding the sleuths. Descriptions of the alleged light-fingered gentleman have been forwarded to all nearby towns with the request that the police officials keep their weather eye open for him. He is described as being about 5 feet 6 inches in height, light complexion, sandy moustache, aged about 30.

## A LASTING CURE OF RHEUMATISM

Is One That Cleanses the Blood of Rheumatic Poison.

Then If the Blood Is Kept Rich and Red There Will Be No Return of the Trouble.

Almost any pain or ache which cannot readily be accounted for is actually caused as rheumatism. Some of these are transient and cure themselves.

An actual attack of rheumatism is very difficult to cure so that a will is cured. Ordinary treatment aims only to relieve the pain until the attack works itself out. Then it is liable to occur again and usually does, year after year. The only lasting cure is secured by driving the rheumatic poison from the system and building up the blood so that the disease is prevented from obtaining a new foothold.

Mr. George J. Wettechurack, whose farm is on R. F. D. No. 15, Mountmoreau, Ind., says:

"I suffered for at least six months from rheumatism in my right shoulder and in my back. I was not confined to bed but was not able to do much of any work for three months of the time. I think the trouble was brought on by overwork and by taking cold after getting heated. The pains were often sharp and shooting, but there was always a dull aching pain. The pain was often so severe that I had to walk stooped over. It hurt me to straighten up. My kidneys were affected, I was nervous and had night sweats."

"I tried numerous ointments but they did not help me at all. I read about Dr. Williams' Pink Pills and bought six boxes. They soon helped me and I took them until cured. I felt like a new man. I have never had a return of the trouble and give the pills the credit for the cure."

If you are interested in the remedy that cured this case write today for a copy of the new edition of our book on "Diseases of the Blood."

Dr. Williams' Pink Pills have cured anæmia, rheumatism, stomach trouble, nervousness, neuralgia and St. Vitus' dance and have been invaluable in partial paralysis and locomotor ataxia. Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams' Medicine Company, Schenectady, N. Y.

30 years, and wore light striped trousers.

Mr. Kuster states that he does not regret the loss of the money so much but is chagrined to think that his confidence in the gay and dashing waiter had been misplaced.

## WILL OPEN DRESSMAKING DEPARTMENT

In connection with our millinery, we are opening a first class dressmaking department. We will guarantee satisfaction to our patrons and will be glad to suggest and design a gown that is most becoming to one's build and form. There is as much in the color and cut as there is in the fitting of the garment, and the most plain and simple materials can be made into very dainty and much more expensive looking gowns by having them designed properly, again, very rich and costly weaves lose their grace and character by the unbecoming style in which they are made for the wearer. We invite all to come in and see.

## RECEIVED INTO THE CHURCH

About 25 people were baptized last evening at the Central Church of Christ and received into the fellowship of the church. There have been 112 additions in eight days of invitation. It is perhaps already the greatest revival that has ever been held in Newark. The meetings will continue at least another week. A great crowd assembled last evening to hear Rev. Mr. Brooks on the subject, "The Devil After Newark." His discussion of the subject was intensely interesting. This evening there will be baptizing again at 7:15 and Mr. Brooks will preach on "The Action of Baptism." All invited.

MAYOR ATHERTON'S CARD.

It has been called to my attention that a certain minister of the city has inhibited three bottles of whiskey from the pulpit Monday evening claiming that they were purchased by young

men of the congregation. It is alleged he also claimed that nothing was being done to punish the wrong doers. If the minister referred to, or the young men who purchased the liquor will appear before me and create the case I will see to it that the law is strictly enforced and that in case of a conviction the law violators will be punished.

HERBERT ATHERTON, Mayor.

CLAY CLEMENT DEAD.

Kansas City, Mo., Feb. 22.—In the arms of his divorced wife, Clay Clement, noted actor and playwright, died at the University Hospital yesterday. His present wife, who is with a theatrical company on the road, had not been apprised that he was seriously ill. Clement played here as the Dragoon in "The Servant in the House," which was at the Willis Wood last week. Early in the engagement he became ill of pneumonia.

When his illness became serious the actor sent hurriedly for his divorced wife, who was formerly Miss Kathleen Keltian. She left her home in Chicago and came here. Throughout the last hours she nursed him tenderly and she soothed his closing minutes.

Clement had been married three times. His first wife was Miss Martha Marshall, of Baltimore, Md., whom he married July 4, 1884. They lived happily until she died in 1899. He married Miss Kerrigan in Chicago September 2, 1896. They separated and were divorced at Louisville, Ky. Soon afterward he married the present Mrs. Clement.

The body will be sent to Paris, Tex. for burial.

Clay Clement was born in Woodford county, Ill., December 21, 1863. After graduating from the University of Chicago he read law in Chicago.

Clement became an actor in 1884, and became a successful playwright as well as a star. His most notable production was "The New Dominion," in which he took the star part. Other pieces produced by him were "A Southern Gentleman," and "Pink Pong." Mr. Clement dramatized "In Hampton Roads," and later, with John McGovern and Jesse Edison, produced "Sam Houston."

## MISS WILSON DIDN'T WRITE INNER SHRINE

The interest in the authorship of the novel, "The Inner Shrine," which ran last year in Harper's Magazine, but which is now printed in book form, is so shrouded in mystery that the Advocate has gone to some trouble to relieve the public curiosity, and in furtherance of this purpose addressed a telegram to Miss Alice Wilson, 66 West 14th street, New York, on the subject, believing that it was on the right track, but received Tuesday afternoon the following telegram from Miss Wilson:

"Advocate, Newark, O. 'Regret I did not write 'The Inner Shrine.'"

(Signed) "Alice Wilson." Miss Wilson has written for many magazines and done some very excellent work and the Advocate regrets that it will have to make another try. Miss Wilson has conducted very successfully a department for "Good Housekeeping." Some of Miss Wilson's friends having expressed the belief that she wrote "The Inner Shrine," the Advocate sent a message of inquiry with the result here announced.

Bees were unknown to the Indians, but they were brought over from England only a few years after the landing of the pilgrim fathers.

A member of the Georgia legislature introduced a bill to penalize the player of football or baseball at any school or college chartered in the state.

A "Crawl" Will Be Held at Headquarters in Memorial Hall, at Columbus, Tomorrow Evening.

Pangasinan Lair, Military Order of the serpent, will hold a "crawl" at Headquarters in Memorial hall on East Broad street, Columbus, on Wednesday evening, February 23, at 3 o'clock. A special dispensation has been granted by the Grand Lair of Ohio to the Columbus Lair to reveal the secrets of the jungle and worship Kamee Puna (the big snake) on that date with such of the "hated Americans" of local camps of the United Spanish War Veterans in the Central District of Ohio, who are in good standing. A large class will be present from Delaware, Circleville, Lancaster, Newark and Columbus. The teams of Pangasinan Lair is one of the best in the country, and if the victims don't get their money's worth it won't be the fault of Alward, Syfert, Willey and company. A smoker and feed will wind up the evening.

All members of the Newark camp in good standing are eligible and should give their names to Commander Charles F. Walton not later than Wednesday noon, if they wish to accompany the Newark boys, who will leave on the 5:29 p. m. interurban. Upon arrival at Third and Broad streets they will at once go to the Memorial Hall where a committee will receive them and take written applications. All victims should report at once upon their arrival as the work will be put on promptly at 3 o'clock. This will be a "Red Letter Skidoo Day," and all who take the degree will become the charter members of the "New Newark Lair."

## MAT HANSON

COLOR MAN WHO REACHED POLE WITH PEARY TALKS TO COLUMBUS PEOPLE.

Says Peary Was Angry When He Heard News From Cook—Colored Explorer Makes Big Money.

Columbus, O., Feb. 22.—When Commander Robert E. Peary first heard the report of Dr. Cook having discovered the North Pole, he flew into one of his rages and ceased so much that we all left his presence, said Mat Hanson, the colored man who reached the North Pole with Commander Peary after his last at Keith's last night.

"We were all in the cabin on board the Roosevelt when a New York man, representing the Associated Press, climbed on board from a tug. He came into the cabin and after a greeting to Peary told him of the claims made by Dr. Cook. The commander at once became angry and swore so that he could be heard all over the ship."

Although Hanson is a colored man he appears to have mixed blood in his veins. When he goes on the stage in his arctic costume, he is ill at ease and acts as if he would like to run from the audience. Hanson tells in detail of the attempts to reach the pole and of the final success of the Peary party.

Hanson displays photographs taken on the trip which are thrown on a large screen. The pictures are somewhat indistinct as they were taken during the long arctic night. One displays the United States flag floating from a pole at the top of the world and with Commander Peary and Hanson seated in the foreground.

When asked after his act last evening at Keith's if he would ever return to the arctic regions, Hanson answered that he did not care to go north again.

"If Commander Peary attempts to make the trip to the South Pole, I will accompany him," said Hanson. "I know that he will get there if he starts and I think that he will make the start."

Hanson is said to be one of the best paid men on the vaudeville stage.

On account of the high price of meats and the general business condition in my line, I have decided to close my shop at No. 350 North Fourth street for the present. All persons owing accounts will please arrange to settle same at once. Accounts will be found at my home, 250 1-2 North Fourth street. I will continue my stand at the People's Market, as usual.

## "SOMETHING DOING"

(Mt. Vernon Banner.)

Perhaps it would not be amiss to say a few words along the interest in the high school debating teams which was brought up in chapel by Mr. Alan. In Newark last year, when Mt. Vernon's affirmative met Newark's negative, there was a splendid turnout of the high school pupils. There is a balcony in Newark high school auditorium and here the pupils sat. The girls were dressed in white and wore red sashes (these being the high school colors) while boys carried pennants etc. Things were kept going at a lively rate by the bells and songs by the pupils. Something on this order will be tried this year in the local high school auditorium on the evening of March 11. The plans have not been sufficiently matured for a further announcement other than that there will be "something doing."
